Show Policies PAGE 1 OF 3

Suit-Casing/Out-Boarding Policy

Due to numerous complaints about suit-casing and Out-boarding over the last few years our exhibitor's have asked us to put a policy into place to prevent this practice from impacting the business practices of legitimate exhibitors. The problem is really starting to affect our exhibitors and their ability to do business on a level playing field when they have a competitor not paying to exhibit and they are trying to take away their customers. This has become such a large problem nationally that most trade shows have adopted Suit-Casing/Out-boarding policies to help protect their exhibitors and the cost they put out to market and exhibit at trade shows.

TransWorld wants to create a level playing field for all exhibitors and is doing its best to help all exhibitors have a successful show. As such, we are mandating increased measures to protect exhibitors from suit-casing/out-boarding at the show. This is TransWorld's Suit-casing and Out-Boarding Policy, which will be posted on signage around the exhibit hall.

What is Suit-Casing?

Suit-casing is a parasitic business practice in which unethical companies will gain access to an event by obtaining some type of event credential attendee badge and then solicit business in the aisles or other public spaces used for the conference. This practice skirts the support of the organizer and the industry. This does not pertain solely to soliciting the attendees of an event. As we all know, some of your biggest customers/vendors can be other exhibiting companies. So, when a salesperson for "Joe's Manufacturing" (who is not exhibiting) shows up in your booth in an attempt to earn your business as a sub on your next big contract, they are suit-casing. Suit-casing includes any business trying to solicit business at the trade show without exhibiting. In addition, any outside event or trade show/conference attempting to promote at the show that is not affiliated with TransWorld and trying to solicit exhibitors or attendees to attend their show is also considered suit-casing and this conduct will not be permitted without written consent from TransWorld Trade Shows.

Some examples of Suit-Casing:

- Passing out marketing materials or business cards
- Attempting to sell product on the show floor without exhibiting
- Dropping of marketing materials on tables, counters or in booths
- Promoting outside events, trade shows or conferences
- Booth sharing with a company or person that is not exhibiting
- Approaching people on the show floor at offsite events and soliciting them.

Basically, if anyone does not have an exhibitor badge or consent from TransWorld they cannot solicit you or anyone else at the show or any of its events.

TransWorld's Official Suit-Casing Policy

TransWorld has a zero-tolerance policy regarding suit-casing. Please note that while all Trade Show attendees are invited to the exhibit floor, any attendee who is observed to be soliciting business in the aisles or other public spaces, or in another company's booth, will have their badge removed and will be asked to leave immediately without refund.

TransWorld recognizes that suit-casing may also take the form of commercial activity conducted from a hotel guest room or hospitality suite, a restaurant, or any other public place in proximity to our event. For the purposes of this policy, suit-casing violations may occur at venues other than the exhibition floor and at other sponsored events. It is for this reason TransWorld must be informed of any hospitality suites where business is being transacted, and expressed consent must be obtained from TransWorld prior to the event.

Show Policies PAGE 2 OF 3

What is Out-Boarding?

Out-Boarding refers to an individual or firm who attends the conference in an official or unofficial capacity and hosts unauthorized exhibits, meetings, demonstrations, presentations, events, and any such related activity, in any space in the conference hotels, restaurants, nearby properties or at their own personal business without consent of TransWorld Trade Shows. This includes any exhibitor at the event. You must have written approval from TransWorld to hold any onsite or offsite events. This policy was put into place to protect our sponsors from losing the opportunity to have as many attendees show up at their approved sponsored event. Bottomline is, if you want to hold an event, it must be approved by TransWorld.

Some examples of Out-Boarding:

- Holding any type of event/gathering while in town for the event with non-employees without consent from TransWorld
- Dropping of marketing materials on tables, counters or at events without approval from TransWorld
- Approaching people at sponsored onsite or offsite events and trying to solicit business when your company is not the sponsor.

TransWorld's official Out-Boarding Policy

TransWorld has a zero-tolerance policy for Out-Boarding.

- Each person must register individually, under their company name, and must wear their official conference badge to enter conference spaces and the exhibit hall. A person using a badge under false credentials will be required to forfeit their badge and leave the conference.
- Non-exhibitor or non-sponsor attendees are prohibited from soliciting business or distributing marketing materials in any part of the conference venue, exhibit hall or offsite properties.
- Exhibitor and sponsor attendees are prohibited from soliciting business or distributing marketing materials in any part of the conference venue or exhibit hall outside their assigned booth space or designated sponsorship.
- All requests for event or meeting space, whether onsite or offsite during an TransWorld Show/Event week require
 TransWorld's approval. Any request made directly through the hotel for event or meeting space, including hospitality suites,
 will be forwarded to TransWorld for approval. TransWorld reserves the right to decline any event request and cancel any
 unapproved events or bookings. The reason for this is conflicting events can be detrimental to approved sponsors success. In
 order to protect their investment all events, meetings and gatherings in the town of the event must be approved by
 TransWorld.
- Meeting rooms are generally unavailable at TransWorld conferences. If any meeting rooms become available, they will be offered to sponsor firms only on a seniority and first come first serve basis. Prior year sponsors have a first right of refusal to any current year's event that they sponsored the previous calendar year.
- No attendee, exhibitor, or sponsor may extend invitations to activities, events, and meetings or gatherings during any time of the day or night during the week of the event including set-up, conference event days or teardown without the express written consent of TransWorld.
- Violations:
- Any attendee or firm observed to be engaging in out-boarding will be required to stop their activity and may be forced to
 cease all business opportunities for the remainder of the show including booth space being closed down and badges being
 forfeited without refund. Additional penalties may be applied at TransWorld's discretion including being banned from
 future events.

The Suit-casing/Outboarding Prevention Team

TransWorld has created a Suit-casing Prevention Team that will be in place for the duration of the conference. The team will consist of TransWorld staff, conference security and the most important member of the team, YOU! Exhibitors will be our greatest asset in preventing suit-casing since there are so many of you, and it directly affects all of us.

What to look for?

Identifying potential "suit-casers" is fairly simple. First, look for those non-exhibitor attendees who appear to be initiating contact in the aisles or in booths. Look for people handing out fliers/business cards or dropping marketing materials on tables. Any attendee who appears to be handing anything out in the aisles is suspect, because as we all know, distribution of anything is restricted to one's booth space unless otherwise approved by TransWorld. Identifying a Out-boarder is straight forward.

What can you do?

If you observe any suit-casing or out-boarding activities during the conference, please call or text Rich Bianco at <u>412-812-1773</u> or Jennifer Thaler at <u>847-323-5109</u>.

Suit-casing Procedure:

- Identify the person Suit-casing or Out-boarding
- Try to contact us while the infraction is occurring so we can confront them immediately.
- Take a photo/video of the infraction and send it to us.
- Immediately contact show management or Rich Bianco at 412-812-1773.
- After we get the report, we will immediately assess the situation and take action to rectify the problem.

The exhibit manager will investigate all complaints of suit-casing / Out-Boarding as quickly as possible. We prefer you try to keep the suspect party in your presence while we make our way over to confront the party.

Upon receipt of a complaint from an exhibitor/attendee, TransWorld will review the complaint with the reporting party and, if possible, observe the suspected suit-caser / Out-boarder. TransWorld will then address the issue directly with the subject of the complaint. If found to be valid, the complaint will be resolved by show management immediately.

Costume Policy

Attendees are not permitted to wear costumes in the convention center or on the trade show floor.

Exhibitor's and their employees are permitted to be dressed in costume but are required to stay within the area of their booth space. You are not permitted to walk the show and solicit customers back to your booth. (Please note we do understand you need to leave the booth at certain points throughout the day. You can wear your costume when doing that.)

DISPLAY RULES & REGULATIONS PAGE 1 OF 2

LINEAR OR IN-LINE BOOTH

Linear booths have one side exposed to an aisle and are generally arranged in a series along a straight line. Linear booths are ten-feet (10') wide and ten-feet (10') deep, i.e., 10' × 10'. *In-line booths have an eight-foot (8')* back wall height limit unless you submit a Booth Variance Form located on Page 19 and is approved by Show Management.

Display materials should not obstruct or block sight lines of neighboring exhibitors. The maximum height of eight-feet (8') is allowed only in the rear half of the booth space, with a four-foot (4') height limit imposed on all materials in the remaining space forward to the aisle unless you submit a Booth Variance Form and is approved by Show Management. (Note: When three or more Linear Booths are used in combination as a single exhibit space, the four-foot (4') height limitation is applied only to that portion of the exhibit space which is within ten-feet (10') of an adjoining booth).

PERIMETER BOOTH

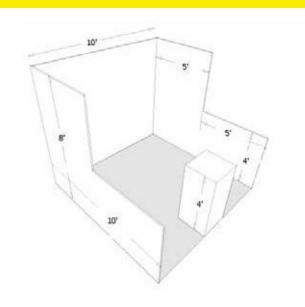

A Perimeter Booth is a Linear Booth that backs up to a wall of the exhibit facility rather than to another exhibit. Perimeter booths have a twelve foot (12') maximum height limitation.

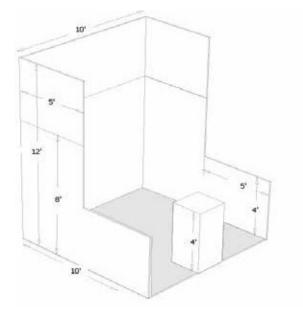

Display materials should not obstruct or block sight lines of neighboring exhibitors. The maximum height of twelve-feet (12') is allowed only in the rear half of the booth, with a four-foot (4') height limit imposed on all materials in the remaining space forward to the aisle. (Note: When three or more Linear Booths are used in combination as a single exhibit space, the four-foot (4') height limitation is applied only to that portion of exhibit space which is within ten-feet (10') of an adjoining booth).

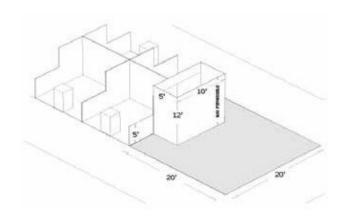

PENINSULA BOOTH

A Peninsula Booth is exposed to aisles on three (3) sides and composed of a minimum of four booths. A Peninsula Booth is 20'x20' or larger.

When a Peninsula Booth backs up to two (2) Linear Booths, the back wall is restricted to four-feet (4') high within five-feet (5') of each aisle, permitting adequate line of sight for the adjoining Linear Booths. Twelve-feet (12') is the maximum height allowance, including signage for the center portion of the back wall.

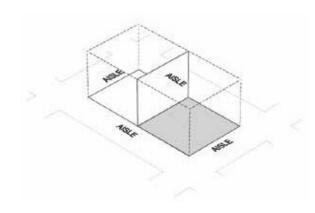

DISPLAY RULES & REGULATIONSPAGE 2 OF 2

SPLIT ISLAND BOOTH

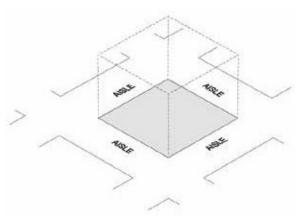

A Split Island Booth is a Peninsula Booth which shares a common back wall with another Peninsula Booth. The entire cubic content of this booth may be used, up to the maximum allowable height, which is sixteen-feet (16'), without any back wall line of sight restrictions. A Split Island is 20'x20' or larger.

ISLAND BOOTH

An Island Booth is any booth exposed to aisles on all four sides. An Island Booth is 20'x20' or larger.

The entire cubic content of the space may be used to the maximum allowable height which is sixteen-feet (16').

PLEASE NOTE:

8' HEIGHT LIMIT EXCEPTION (DUE BY January 8, 2025)

If your booth will exceed the 8' height limit, please fill out the Request For Booth Variance Form, on the next page, and email it to Stephanie Geitner at stephanie@haashow.com.

HANGING SIGNS & GRAPHICS

Hanging Signs and graphics are permitted in peninsula, split island and island booths only to a maximum height of 18' above the booth. Whether suspended from above or supported from below, they should comply with all ordinary use of space requirements (for example, the highest point of any sign should not exceed the maximum allowable height for the booth type).

TOWERS

A Tower is a freestanding exhibit component separate from the main exhibit fixture. The height restriction is the same as that which applies to the appropriate exhibit configuration being used.

Towers in excess of eight feet (8') should have drawings available for inspection. Fire and safety regulations in many facilities strictly govern the use of towers. A building permit may be required.

FOG, SNOW & SCENT DISPENSING DISCLOSURE FORM

If you dispense fog, to create a more comfortable environment for everyone on the Show Floor, only water based fast dissipating fog fluid maybe dispersed in an exhibitor's booth. Other types of fog fluid products may be sold, but not dispersed during the show. If you intend to disperse fog fluid in your products or display, this form must be filled out and submitted to Show Management for approval by January 8, 2025. If you require assistance in determining whether your fog fluid is water based and quick dissipating, please contact Show Management. If you dispense snow, the machines in your booth must be adjusted so that snow falls only within the confines of your booth space. Snow machines must be operated on intervals and with appropriate velocity. If your snow is found blowing towards or in another booth you will be asked to turn off your machines and/or redirect them.

If you dispense scents, scents may only be dispensed upon buyer request and at a level as to not annoy neighboring companies and/or buyers in the aisles.

Any company failing to obtain prior approval of their use of fog or snow will not be permitted to disperse fog or snow fluid for any purpose in their booth. Any company found to be in violation of these rules during the show will be subject to removal from the 2025 show and will face a \$500.00 surcharge upon booking a subsequent show.

IR (INFRARED) EMITTER FORM

Our intent is to provide all exhibitors the ability to demonstrate their services. If you will be using IR in your booth, please fill out the information below. Feel free to include a diagram if needed.

All exhibitors using IR (Infrared) emitters for the purpose of positional tracking devices commonly found in Virtual Reality and Motion Capture require least three* (3) sides of their booth blocked off with IR absorbent material. This material should be at a height equal to or greater than the installation height of the emitter. IR absorbing material should be near 100% light blocking to prevent infrared light bleed to neighboring booths that may be using similar receiver technology. Low powered IR systems such as Playstation VR, Leap Motion, XBox Kinect, Oculus Rift or HTC Vive may not require IR blocking material based on the proximity to other virtual reality installments. Please notify show management below if you feel that you are using IR emitters which may affect neighboring booths. You may be asked to relocate your booth space to ensure the uninterrupted exhibition of products and services on the day of, if proper protection of IR blocking material is deemed insufficient by show management. Any modifications required to the booth in order to meet these guidelines will be done at the cost of the exhibitor. *If your booth is not facing another booth, you may be able to only block the two sides adjacent to the other exhibitors' booths. Please inform us if you are seeking this exception. For any other exceptions please notify show management immediately.
